Technical Skills

Cloud Infrastructure

AWS, GCP, Terraform, CloudFormation

Containerization

Docker, Kubernetes, Helm, ArgoCD

CI/CD Pipelines

GitLab CI, GitHub Actions, Jenkins

Programming & Scripting

Python, Go, Bash, SQL, YAML

Monitoring & Logging

Prometheus, Grafana, ELK Stack

Languages

Czech Native speaker
English C2 (Proficient)
German B2 (Vantage)

Certifications

AWS Certified Solutions Architect

Professional – 2024

Certified Kubernetes Administrator

CKA (CNCF) – 2023

HashiCorp Certified

Terraform Associate – 2023

Details

Availability 1 Month Notice
Work Mode Hybrid / Remote

Professional Summary

Results-driven DevOps and Cloud Architect with over 8 years of experience designing, building, and automating cloud-native infrastructures. Proven track record of improving system availability to 99.99% and reducing cloud spend by up to 30% through automation. Passionate about GitOps, IaC, and developer self-service platforms.

Professional Experience

Lead DevOps Engineer

2022 – Present

Linet Group SE, Prague

- Migrated legacy bare-metal workloads to AWS EKS, reducing deployment times by 75% and infrastructure costs by 22%.
- Designed and implemented GitOps workflows using ArgoCD and Terraform, managing 50+ microservices across staging and production.
- Standardized GitLab CI/CD pipelines with integrated security scanning (Trivy, SonarQube) and automated canary deployments.

Senior DevOps Engineer

2019 – 2022

Avast Software, Prague

- Maintained high-throughput API services handling 50k+ requests/sec using AWS EC2 auto-scaling, Kubernetes, and Prometheus.
- Automated secrets management using HashiCorp Vault, eliminating hardcoded credentials across 120+ microservice repositories.
- Mentored 4 junior engineers in containerization best practices and Infrastructure as Code.

Systems & Cloud Engineer

2017 – 2019

Seznam.cz, Prague

- Administered on-premise OpenStack private cloud environment and orchestrated database migrations to GCP.
- Automated server provisioning using Ansible, reducing manual configuration time by 90%.

Education

M.Sc. in Software Engineering

2015 – 2017

Czech Technical University, Prague

Specialization in Distributed Systems and Cloud Architectures. Graduated with Honors.

B.Sc. in Computer Science

2012 – 2015

Czech Technical University, Prague

Focus on Software Development, Algorithms, and Networking.
