### Clinical Experience

#### Swedish Medical Center

Registered Nurse (RN) – Emergency Department (Level II Trauma Center)

Seattle, WA  
June 2023 – Present

- Deliver acute, life-saving care to an average of 35–40 patients per shift in a fast-paced emergency setting.
- Perform rapid triage, patient assessment, and critical interventions in alignment with Emergency Severity Index (ESI) guidelines.
- Coordinate closely with trauma surgeons, emergency physicians, and ancillary staff to optimize patient flow.
- Serve as Charge Nurse when designated, overseeing shift staffing, bed assignments, and department workflows.
- Precept and mentor newly hired nurses and senior nursing students, facilitating smooth integration into the unit.

#### Harborview Medical Center

Registered Nurse (RN) – Medical-Surgical & Intensive Care Unit

Seattle, WA  
October 2021 – May 2023

- Provided comprehensive care to critically ill patients with respiratory failure, sepsis, and multi-organ dysfunction.
- Managed specialized medical equipment including mechanical ventilators, arterial lines, and infusion pumps.
- Administered high-alert vasoactive medications and titrated IV drips based on continuous hemodynamic monitoring.
- Facilitated patient and family education regarding diagnoses, treatment plans, and post-discharge recovery.
