PROFESSIONAL SUMMARY

Result-driven Senior Project Manager with over 12 years of experience in delivering multi-million dollar infrastructure and civil works projects across the Kingdom of Saudi Arabia. Proven track record of managing construction phases from design to handover, ensuring compliance with Saudi Building Code (SBC) and international standards. Skilled in leading cross-functional teams, managing subcontractors, and coordinating with government entities (Baladyiah, NWC, SEC).

PROFESSIONAL EXPERIENCE

Senior Project Manager

Oct 2021 – Present

Nexa Infrastructure

Riyadh, KSA

- Direct execution of the Riyadh North Expansion Project (SAR 150M budget), involving major road works, sewage networks, and utility line relocations.
- Manage a team of 18 engineers and 120+ field technicians, achieving 100% on-time delivery of Phase 1.
- Spearhead negotiation and execution of contracts worth SAR 45M under FIDIC Red Book conditions.
- Coordinate closely with Riyadh Municipality and Saudi Electricity Company (SEC) for permit approvals.

Project Engineer

Aug 2017 – Sep 2021

Vertex Construction

Jeddah, KSA

- Supervised structural and infrastructure packages for the Synapse Commercial Plaza.
- Reduced material waste by 14% through the implementation of lean construction principles.
- Conducted daily QA/QC inspections to ensure adherence to Saudi Building Code (SBC) and safety norms.
- Managed sub-contractor progress claims and resolved engineering design issues.

Site Engineer

Jun 2014 – Jul 2017

Apex Contracting

Dammam, KSA

- Monitored progress of trench excavations, pipe laying, and backfilling operations for municipal stormwater network.
- Prepared weekly progress reports and coordinated billing quantities for client approval.

EDUCATION

Bachelor of Science in Civil Engineering

Sep 2009 – Jun 2014

Riyadh University of Technology

Riyadh, KSA

First Class Honors (GPA: 3.85 / 4.00) | Graduation Project: Infrastructure Design
