PROFESSIONAL EXPERIENCE

Lead Journeyman Plumber Jan 2022 – Present
Nexa Construction Services, Denver, CO

- Lead plumbing installations for 45+ new commercial and high-density residential construction projects, delivering all jobs on or ahead of schedule.
- Supervise and train a team of 4 apprentice plumbers, achieving a 100% pass rate on their local journeyman exams.
- Diagnose, repair, and replace complex waste, vent, and water piping networks, reducing callback rates to less than 1.5%.
- Review architectural blueprints and MEP drawings to coordinate routing and installation with electrical and HVAC crews.
- Conduct final inspections and pressure tests on water and gas systems to ensure 100% compliance with local building codes.

Commercial Plumber Mar 2019 – Dec 2021
Vertex Facilities Management, Boulder, CO

- Managed preventative and corrective plumbing maintenance for a portfolio of 15 commercial office buildings totaling 1.2M+ sq. ft.
- Inspected, tested, and certified 60+ backflow prevention assemblies annually, maintaining complete compliance logs.
- Replaced over 2,200 linear feet of legacy copper and cast-iron piping with modern PEX and PVC solutions, reducing project costs by 15%.
- Responded to emergency service calls for water main breaks, sewer blockages, and gas leaks, restoring operations within an average of 90 minutes.
- Installed and serviced large-scale commercial water heaters, mixing valves, and recirculation pumps.

Plumber Apprentice Jun 2016 – Feb 2019
Apex Residential Plumbing, Aurora, CO

- Assisted licensed Journeymen in installing rough-in plumbing, drain-waste-vent (DWV) systems, and fixtures in 120+ single-family homes.
- Performed routine residential repairs, including clearing clogged drains, repairing faucets, and installing water softeners.
- Mastered standard plumbing trade skills including copper soldering, steel pipe threading, and PEX crimping.
- Prepared accurate material takeoffs and loaded service trucks to ensure all necessary tools and parts were available for daily calls.
- Maintained an immaculate safety record with zero OSHA violations or on-the-job injuries over 3 years.

EDUCATION & APPRENTICE TRAINING

Plumbing Apprenticeship Program (8,000 Hrs OJT, 600 Hrs Theory) 2016 – 2020
Denver Joint Apprenticeship Training Committee (JATC), Denver, CO
