PROFESSIONAL EXPERIENCE

Lead Paramedic / Field Training Officer	06/2022 – Present
<i>Apex Emergency Services</i>	Metro City, State

- Lead paramedic on a high-volume ALS unit responding to 911 emergencies, averaging 1,200+ patient contacts annually.
- Direct pre-hospital emergency care for critically ill or injured patients, maintaining 100% protocol compliance.
- Supervise and mentor 15+ paramedic students and newly hired EMTs as a designated Field Training Officer (FTO).
- Implemented a new airway management quality control check, reducing intubation adverse events by 18% in the division.
- Commended by the County Medical Director for zero clinical errors across 3 consecutive annual chart audits.

Flight Paramedic (PRN)	08/2020 – 05/2022
<i>Nimbus Air Medical / Synapse Health</i>	Regional Area, State

- Managed critical care transport of pediatric and adult patients via rotor-wing aircraft from scene calls and interfacility transfers.
- Administered advanced pharmacologic agents, mechanical ventilation, and invasive monitoring (arterial lines, ICP).
- Collaborated with flight nurses and physicians to stabilize multi-trauma, cardiac, and neurological emergencies.

911 Paramedic	04/2018 – 08/2020
<i>Vertex Medical Services</i>	East District, State

- Operated as primary medical provider on an urban dual-paramedic unit, responding to over 1,500 emergency calls per year.
- Performed advanced cardiac monitoring, 12-lead ECG interpretation, manual defibrillation, and transcutaneous pacing.
- Coordinated closely with police, fire, and rescue services on complex trauma, search and rescue, and hazardous material scenes.

EDUCATION

Associate of Applied Science in Emergency Medical Services	05/2018
<i>Meridian Community College</i>	Metro City, State

- Paramedic Program Accreditation: CAAHEP (Commission on Accreditation of Allied Health Education Programs).
- Honors: Phi Theta Kappa Honor Society, GPA 3.8/4.0.
